

Titel	Daily Scrum
Date	25.06.2020
Sprint	09
Participants	Khaled, Lisa, Hemlata, Till

1. What have you done?

- **Lisa:** Implemented multitask learning with data preparation from regression part and the quality criteria -> 81% (8h)
- **Khaled:** check the classification for home, away and draw -> no solution found(12h)
- **Hemlata:** created tables for both datasets, and different parameters -> different acc -> found best one(7h)
- **Till:** added retrain functionality for classification and regression (12h), tests of frontend and backend (1h)

2. What will you do?

- **Lisa:** report
- **Khaled:** report
- **Hemlata:** report
- **Till:** report

3. Issues?

-
